

## Anatomy of a Building Project

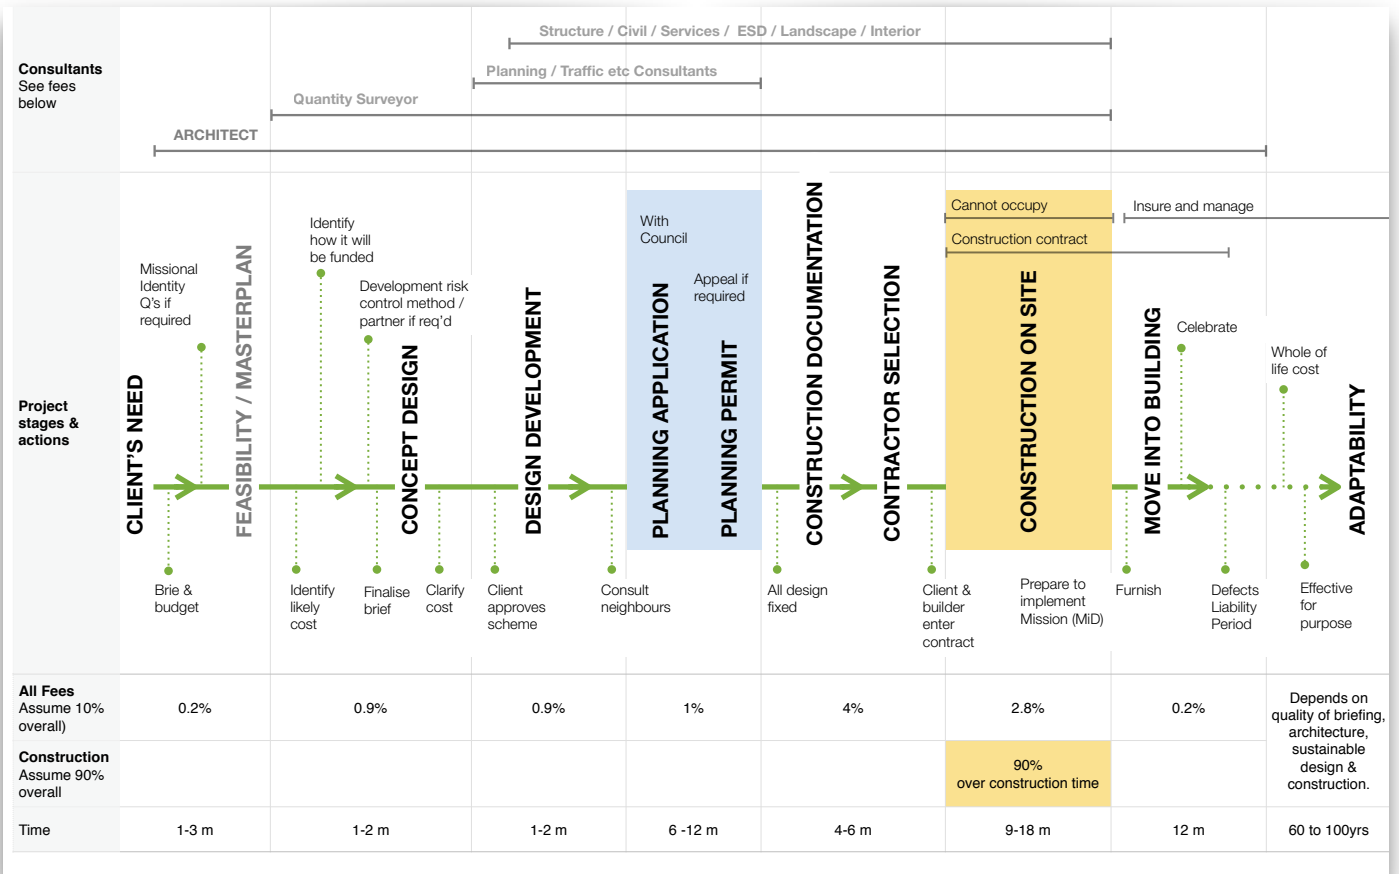

“What are the stages of a building project ?” clients often ask.

“Where do we start and how long will it take ?”

“What does it all cost and who will help ?”

“Is there a diagram to show all this ?”

There is now. [Click here](#) for an A3 wall chart download:

Of course this is simplified for clarity, but all the basics are here. Some projects will not need a Feasibility Study or Masterplan.

Zoom in to enlarge or [download the A3](#).

Call if we can help.
